MYXZ: Bio

MYXZ is a photographer and sculptor who works on projects that aim to inspire imagination as well as promote new ideas and mediums. His passion is interactive art that involves all senses of the human experience. His works use recycled materials along with found objects or essentially “junk” to construct pieces large and small. An Oklahoma native and longtime Aspen local MYXZ has traveled to more than 40 countries and worked with children’s art programs all over the world. MYXZ creates work that lends to the progression of art in all its forms especially for the youth.
