

## EXHIBITION SUBMISSION GUIDELINES

Application deadline: February 1, 2022 for consideration for a 2023 exhibition

The Art Base exhibition program focuses on opportunities for solo, group, and guest-curated exhibitions for Colorado-based artists, with an emphasis on those living in the Roaring Fork Valley. Artists selected by our Exhibitions Committee can be at any stage of their careers. We strive to achieve diversity in topics and media, and we give preference to proposals of recent or new work that has not been previously exhibited in the Valley.

**Selection Process:** Artists are selected by the Exhibitions Committee of the Art Base. The committee reviews all applications submitted to the program. Selection is based on the merit of the artist's portfolio and the proposal.
